I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My prescription is formulated  
just for me, it relieves my symptoms  
and makes it possible for me to feel  
normal. I had a hysterectomy in 1984, my  
doctor told me all women get the same dosage  
that is not true, I suffered for 13 yrs with  
hot flashes, dryness until I read about compounded  
hormones, don't restrict my ability to  
receive these hormones,
